- **Tools**: Git, Figma, VS Code

- **Soft Skills:** Problem-solving, Communication

PROFILE

I'm a passionate and driven computer engineering student who enjoys turning ideas into practical solutions through code. I thrive on challenges that push my problem-solving and creative thinking. I'm actively seeking opportunities to contribute to meaningful projects, gain hands-on experience, and collaborate with like-minded individuals in the tech community. My goal is to keep learning, growing, and building technology that makes a difference.
